I think of the things I would like to say about my friend and partner, the accomplishments, our life together through good and bad.

I think, how to sum up a lifetime of memories; and decided I just can't.

Those who knew her will remember her intensity in life, work and love of barking.
An "old timer" from back in the early days, she overcame a perfect wilderness barking recall to stay and bark on rubble.

Swift journey my friend, I miss you.....
